SUMMARY

Motivated and detail-oriented front-end developer with hands-on experience in building web applications using HTML, CSS, JavaScript, and React.js. Seeking opportunities to further enhance my skills and contribute to impactful projects.

WORK EXPERIENCE

React Developer , Eptiq Technologies   **July 2024 - Present**

- Developed and maintained dynamic user interfaces using React.js and JavaScript (ES6+).
- Utilized React Hooks (useState, useEffect) for managing component states and side effects.
- Worked with Vite for faster development builds and improved project setup
- Created reusable components like buttons, forms, and modals to maintain consistency across the app.

                                                                   Dec 2023- Jun 2024

Intern – Frontend Developer, Positron Technologies

- Worked on the Renter Web App, a web-based solution for renting products
- Developed key front-end features using HTML, CSS, and JavaScript.
- Collaborated with team members to ensure responsive design and functionality.
